SCHOOL BOARD PROPOSED CAPITAL IMPROVEMENTS PROGRAM

FISCAL YEARS 2012-2021 SUMMARY

FISCAL YEARS 2012 THROUGH 2021 ARE RECOMMENDED

| | FY11E | FY12 | FY13 | FY14 | FY15 | FY16 | FY17 | FY18 | FY19 | FY20 | FY21 | TOTAL |
|------------------------|-----------|-----------|-----------|-----------|------------|------------|-----------|-----------|-----------|-----------|-----------|------------|
| | | | | | | | | | | | | |
| Total Capital Projects | 3,600,000 | 5,434,882 | 2,420,000 | 4,469,000 | 18,096,500 | 11,085,000 | 7,660,000 | 5,130,000 | 4,930,000 | 1,990,000 | 3,500,000 | 64,715,382 |

Footnotes:

1. Given the uncertainty of enrollment projections in the later years of the CIP, construction projects could shift from one year to another to accommodate classroom space needs as better student enrollment information becomes available.

2. Because of new or updated information, projects may appear in a CIP for the first time in a year that is not the last year of the CIP.

| Practice/PE Gym | | 1,652,500 | | | | | | | | | | 1,652,500 |

FISCAL YEARS 2012 THROUGH 2021 ARE RECOMMENDED

Footnote 1:

The core of the new elementary school would be built to allow for expansion to a 700 student capacity. The 2015 project plans only provide for a 500 student classro construction project to reflect projected enrollment needs at that time. Projected cost includes A&E, site work, construction, telecommunications and data, furniture *a* equipment, and project management. The projected site for the new elementary school is presently owned by the School Board and is located on the Yorktown Midc School campus.

The timing and scope of this project as proposed in the CIP does not take into account the federal proposal to consolidate the Marine Corps Security Force at Na Weapons Station. If that proposal is ultimately approved, the timing and size of the elementary school will be significantly impact.

FISCAL YEARS 2012 THROUGH 2021 ARE RECOMMENDED

CAPITAL PROJECTS

The following is a list of the major changes included in the FY12-21 CIP

HVAC Repair/Energy Management

Bethel Manor Elementary FY17 \$ 1,830,000

Replacement of HVAC and window replacement for the 300 and 400 hallways. These areas were not included in previous renovations or additions to the building. Rooftop mounted equipment and single pane aluminum framed windows are degraded.

| Grafton Bethel Elementary – Phase II | FY17 | \$ | 500,000 increase |
|--------------------------------------|------|----|------------------|
|--------------------------------------|------|----|------------------|

Project moved from FY20 to FY17 due to equipment deterioration. Increase due to replacing HVAC equipment for the classrooms on the primary hall, lower primary hall, cafeteria and gymnasium. The equipment is past life expectancy and rain is leaking through it into the building. This new equipment will also increase fresh air delivered into the building

Tabb High FY19 \$ 130,000 increase

Project increase was due to higher construction material cost projections. Increases were calculated using the latest RSMeans construction data.

Tabb Elementary

Project increase was due to higher construction material cost projections. Increases were calculated using the latest RSMeans construction data.

Grafton High FY17 130.000 increase \$

Project increase was due to higher construction material cost projections. Increases were calculated using the latest RSMeans construction data.

FY16 \$ 130,000 increase

| Grafton Middle | FY18 | \$ | 130,000 increase | | | | | | |
|--|----------------|---------|------------------------------------|--|--|--|--|--|--|
| Project moved from FY19 to FY18 so that the HVAC for the entire building could be designed and bid out together. This was to prevent having different contractors installing different units connected to the same central system. Increases were calculated using the latest RSMeans construction data. | | | | | | | | | |
| Grafton Complex | FY15 | \$ | 250,000 increase | | | | | | |
| Project increase was based on past experience with the replacement of the cooling tower at Tabb Elementary this past summer. That small, single tower project was \$142,142. This project involves replacing two large cooling towers. | | | | | | | | | |
| Roof Repair & Replacement | | | | | | | | | |
| Grafton Bethel Elementary, Phase I | FY12 | \$ | 100,000 increase | | | | | | |
| Project moved from FY16 to FY12 to coincide with the rooftop HVAC replaced construction and materials. | cement. Projec | ct cost | increased due to increased cost of | | | | | | |
| Grafton Bethel Elementary, Phase II | FY20 | \$ | 400,000 | | | | | | |
| In FY20 this roof will have reached its 20 year service milestone. | | | | | | | | | |
| Bethel Manor Elementary | FY16 | \$ | 150,000 increase | | | | | | |
| Project cost increased due to increased cost of construction and materials. | | | | | | | | | |
| York High (Partial) | FY15 | \$ | No \$ Change | | | | | | |
| Project moved from FY12 to FY15 due to the good condition of the roof. | | | | | | | | | |

| York High, Phase II | FY17 | \$ No \$ Change | | | | | |
|---|------------------|---|--|--|--|--|--|
| Project moved from FY14 to FY17 due to the good condition of the roof. | | | | | | | |
| York High, Phase III | FY18 | \$ No \$ Change | | | | | |
| Project moved from FY15 to FY18 due to the good condition of the roof. | | | | | | | |
| Coventry Elementary Gym Roof | FY12 | \$ No \$ Change | | | | | |
| Project moved from FY 17 to FY12 to coincide with the installation of rooftop r | nounted HVAC | C equipment. | | | | | |
| Magruder Elementary Gym Roof | FY14 | \$ 50,000 increase | | | | | |
| Project moved from FY17 to FY14 to coincide with the installation of rooftop n because of the need to repair the metal roof on the main building. | nounted HVAC | C equipment. Project cost increased | | | | | |
| Tabb Elementary Metal Roof | FY17 | \$ 150,000 increase | | | | | |
| Project cost increased due to increase costs of construction and materials. | | | | | | | |
| Grafton School Complex | FY21 | \$ 3,500,000 | | | | | |
| Typical life expectancy of this type of roof is 20 years. In FY21 the roof will be life. | e 25 years old a | and will be 5 years beyond its expected | | | | | |
| Other Projects | | | | | | | |
| BMES, DES, SES, YES & WMES Kitchen Equipment | FY14, 15, 16 | 6 \$ No \$ Change | | | | | |
| Movement of kitchen equipment replacement in FY16 forward and spreading it over a period of three years due to equipment deterioration. | | | | | | | |

| New Horizons | Butler Farm (HVAC Replacement) | FY12 | \$ | 51,523 decrease | | | | | | |
|---|--|------|----|-----------------|--|--|--|--|--|--|
| Project costs will be less than originally anticipated. | | | | | | | | | | |
| Bruton High | Gym Bleachers | FY20 | \$ | 170,000 | | | | | | |
| Replacement of existing bleachers t | hat have aged and deteriorated. | | | | | | | | | |
| Tabb High | Gym Bleachers | FY20 | \$ | 170,000 | | | | | | |
| Replacement of existing bleachers t | hat have aged and deteriorated. | | | | | | | | | |
| Grafton High | Rubberize Track | FY20 | \$ | 50,000 | | | | | | |
| Replacement of asphalt track in ord | er to reduce potential injuries to students. | | | | | | | | | |
| Tabb High | Rubberize Track | FY20 | \$ | 50,000 | | | | | | |
| Replacement of asphalt track in order to reduce potential injuries to students. | | | | | | | | | | |
| Various Schools | Hot Water System | FY20 | \$ | 500,000 | | | | | | |

Project will reengineer and upgrade current system in order to supply hot water to all sinks. Due to the energy crunch in the 1970's and 1980's some of the schools were designed without hot water at sinks in some of the restrooms. With advances in engineering and new technology, it is now possible to provide hot water for the students and staff while still saving energy.

| Queens Lake | Gym Floor | FY20 | \$ 50,000 |
|-------------|-----------|------|--------------|
| | | | |

Project will replace existing gym floor.

| Grafton Complex | Repair Windows | FY20 | \$ | 600,000 | | | | | |
|---|--|----------------|---------|-------------------------------------|--|--|--|--|--|
| Existing windows at Grafton Com window opening and the existing | plex continue to leak badly when it rains. T windows will be reinstalled. | he windows wil | l be re | emoved, a seal installed around the | | | | | |
| Tabb Elementary | 6 Classrooms | FY12 | \$ | 484,000 increase | | | | | |
| window frames in the existing bui | 2 due to overcrowding in the school. Increa lding, relocating a playground to accommod future traffic and improving safety. | | - | 0 | | | | | |
| Seaford Elementary | 6 Classrooms (K-1) | FY13 | \$ | 564,000 increase | | | | | |
| Project moved from FY12 to FY13 due to trailers providing sufficient capacity at present and recommend increasing from four to six classrooms based on the number of existing trailers. Project cost increased due to additional classrooms added to the project. | | | | | | | | | |
| New Elementary School | | FY15 | \$ | 15,351,000 | | | | | |
| provide for a 500 student classroo A&E, site work, construction, tele | The core of the new elementary school would be built to allow for expansion to a 700 student capacity.
