

High School (9-12)

Regular English Summer Reading List

We believe summer reading should empower students to develop an appreciation for reading and enable them to become lifelong readers and learners. **Students entering regular English in grades 9-12 should read at least one book over the summer. In September, students will complete an in-class activity on their book.** Students should work with their parents/guardians to select an age-appropriate book of their choosing. The lists below are provided to give students and parents a starting point for selecting a book for summer reading. While the titles on the lists below have been identified for high-school-aged students, the titles span a broad range of reading and maturity levels. We encourage parents/guardians to take an active role in helping their students to select a book that best fits the student and their family. Copies of these books may be available in the schools, at public libraries, and at local book stores.

Did none of the previous titles interest you? No problem! Along with your parent/guardian, you may select an age-appropriate book that is not included on this list. If you select to read a book that is not on this list, **please be sure to have your parent sign and date the permission slip below.** You will need to submit the signed parent permission slip to your English teacher on the first day of English class in September.

Parents: Need help for selecting an age-appropriate book with your child? Here are some helpful sites to get you started having conversations with your child about a book of interest to read this summer.
