**YORK COUNTY SCHOOL DIVISION  
SCHOOL OPERATING FUND  
FISCAL YEAR 2025**

**REVENUE**

**State Revenue**

**Basis of State Revenue**

The revenue from the Commonwealth as presented in this budget is based on the State Approved Budget.

**State Sales Tax**

A portion of net revenue from the state sales and use tax dedicated to public education is distributed to school divisions in support of the Standards of Quality. The distributions are based on each locality's pro-rata share of school age population as based on projections provided by the Weldon Cooper Center. The formula used for distribution of sales tax is (School division's projected count / Statewide total school age population) x Total state 1-1/8% sales tax estimate) = Local Distribution.

**State Basic Aid**

State Basic Aid payments are calculated by the state according to the locality's Composite Index; projected adjusted average daily membership; and an established per pupil cost.

**Lottery Funds**

The school division receives a share of the lottery funds collected by the State. Prior to FY10 at least fifty percent of the total lottery funds received was required to be spent on non-recurring costs. The amount in the School Operating Budget did not include the non-recurring portion. For FY11 and beyond, the General Assembly approved shifting lottery proceeds to cover a portion of designated K-12 educational programs.

**Gifted Education - SOQ**

This state payment is used to help defray the cost of providing gifted education. The payment is based on the average daily membership, an established per pupil amount, and the locality's Composite Index.

**Remedial Programs**

This state payment helps offset the cost of remedial education. The payment is based on the average daily membership, an established per pupil amount, and the locality's Composite Index.

**Special Education - SOQ**

Special Education payments are made to support the number of Special Education positions required by the Standards of Quality. The payment is based on average daily membership in accordance with the locality's Composite Index.

**Vocational Education - SOQ**

This account reflects payments for full time equivalent (FTE) students in support of the number of instructional positions required to meet the Standards of Quality.

**REGULAR EDUCATION - ELEMENTARY - ALL IN VIRGINIA-ELEMENTARY**

On September 8, 2023, the Virginia Governor announced the ALL In VA Program, a state initiative designed to address persistent learning loss from the COVID-19 pandemic in grades 3 through 8. It is recommended that students participating in this program receive approximately 3 to 5 hours of high-intensity tutoring in reading and math each week. The division aims to provide these tutoring opportunities during the course of the school day; however, tutoring opportunities may also be provided before or after school and during scheduled school breaks (e.g. winter, spring, and/or summer).

**REGULAR EDUCATION - MIDDLE - ALL IN VIRGINIA-MIDDLE**

On September 8, 2023, the Virginia Governor announced the ALL In VA Program, a state initiative designed to address persistent learning loss from the COVID-19 pandemic in grades 3 through 8. It is recommended that students participating in this program receive approximately 3 to 5 hours of high-intensity tutoring in reading and math each week. The division aims to provide these tutoring opportunities during the course of the school day; however, tutoring opportunities may also be provided before or after school and during scheduled school breaks (e.g. winter, spring, and/or summer).

**REGULAR EDUCATION - HIGH - ALL IN VIRGINIA-HIGH**

On September 8, 2023, the Virginia Governor announced the ALL In VA Program, a state initiative designed to address persistent learning loss from the COVID-19 pandemic in grades 3 through 8. It is recommended that students participating in this program receive approximately 3 to 5 hours of high-intensity tutoring in reading and math each week. The division aims to provide these tutoring opportunities during the course of the school day; however, tutoring opportunities may also be provided before or after school and during scheduled school breaks (e.g. winter, spring, and/or summer).

**FOOD SERVICES**

The school lunch program is a fiscally independent operation. Its income is generated by the sale of food and beverages and limited support from the USDA. The school lunch facilities provide feeding centers for emergency shelter sites when needed. In FY04 the School Division privatized the food service operation in the division. Beginning in FY14, SODEXO (private company) became the service provider for the School Division for the preparation and delivery of food services to students.

**FOOD SERVICES**

The school lunch program is a fiscally independent operation. Its income is generated by the sale of food and beverages and limited support from the USDA. The school lunch facilities provide feeding centers for emergency shelter sites when needed. In FY04 the School Division privatized the food service operation in the division. Beginning in FY14, SODEXO (private company) became the service provider for the School Division for the preparation and delivery of food services to students.

**YORK COUNTY SCHOOL DIVISION  
TECHNOLOGY RESERVE FUND  
FISCAL YEAR 2025**

The Technology Reserve Fund was established in the closing months of FY20. This was in response to directives from the Virginia Department of Education that school divisions must be prepared to offer instruction in a virtual environment. York County School Division needed to establish a one-to-one device program for students across the division should schools remain closed for the 20-21 school year as a result of the COVID-19 pandemic.

The initial funding for the Technology Reserve fund would come from several sources. The School Division transferred \$1.0 million from its FY20 operating fund resulting from savings due to the extended school closures. The School Division transferred \$2.2 million of excess Impact Aid revenue received in FY20. The Impact Aid revenue was above and beyond the \$8.5 million used for annual operating expenses.

The School Division entered into a \$2.0 million lease purchase agreement in July 2020. Funds in the Technology Reserve Fund will be used to pay the debt over the next 4 years.

	Lighting and Sound .....	\$7/hr .....	\$8/hr

Use DOES NOT include the use of equipment in the room such as computers, LCD projectors, band and choral equipment or instruments. Pianos may be available at some locations for an additional charge.

**Custodial Services**

Any use of a York County School Division building requires a school division employee to be present at all times. Typically, the employee is a building custodian. The number of custodians is determined by the group size and anticipated work. The hourly fee is per custodian. Custodial charges are incurred from the time the staff arrive to open the facility until the facility has been cleaned and prepared for the next business day. If use of the facility occurs during the normal work day of the custodial staff, there will be no charge for custodial services unless use of the building requires extra custodial work that cannot be completed during the normal work day. This fee, when applicable, is included with the invoice that includes other facility use charges.

**Lighting and Sound**

The use of lighting and sound equipment owned by the school requires school personnel to operate the systems. The number of personnel involved depends on the size of the production but is typically one or two people. The hourly fee is per person. The lighting and sound equipment use fee and the hourly fee are both paid directly to the school.

**Rehearsal**

Each rehearsal is charged at one half of the daily rate of one performance for the auditorium. Other rooms used are charged at regular daily rates. Appropriate custodial changes may apply if the time of the rehearsal falls outside of the normal work day for the custodian(s).
