

## YCSD Status Report - April 17, 2020

### Continuity of Learning

Learning Modules for middle school and high school students will be available in Aspen Monday morning. We have developed a short video explaining Learning Modules and expectations for the remainder of the school year as well as a video for elementary families regarding the Student Learning Plans. Both videos are available on the division's [Continuity of Learning](#) website.

Staff will continue to provide additional resources on this site for all students and families throughout the remainder of the school year. We encourage you to visit the site regularly for up-to-date information including answers to questions received through the [askycsd](#) email account and/or social media.

### Report Cards

Student report cards were published on Aspen today. These grades will stay posted through May 15. Students and families are encouraged to contact their teachers if they have questions about quarter 3 grades and would like an opportunity to improve a quarter 3 course grade.

Parents and guardians who are unable to access Aspen to view your student's report card, have three options:

- call 757-527-4819 between the hours of 8 a.m. and 4 p.m. Monday through Friday and provide the following information:
  - the email address the parent/guardian used when they registered their student
  - the student's first, middle and last name
  - the parent's first and last name
- view the report card with their student through their student account
- contact the school and request a printed copy be mailed
