

OFFICE OF THE SUPERINTENDENT

Wednesday, June 24, 2020

Dear YCSD Families,

As we look ahead to the upcoming school year, division staff are developing plans to create a safe and effective start to the 2020-21 school year. We are approaching this work thoughtfully, collaboratively and with a profound sense of responsibility.

As always, our work is guided by a core set of principles that reflect our highest priorities: the health and safety of our students and employees, the consistent delivery of high-quality educational experiences for all students and the engagement of our school community.

We are inviting our families and staff members to provide information that will help inform the planning team's recommendation to the superintendent through a brief online survey. Parents/guardians are asked to complete this survey separately for each child that will be enrolled in a YCSD school for the 2020-21 school year. You can simply reuse the same link to complete the survey for each child. We ask that you please complete the survey by Tuesday, June 30.

Our goal is to share a final plan as soon as we are able so our employees and families can prepare for the new school year. We will keep you informed along the way through email, social media and website updates and will continue to accept feedback and questions through the [askycsd email](#) account. I encourage you to stay connected for the latest information about this important work.

Sincerely,

Victor Shandor, Ed.D.
Division Superintendent
