Review Survey Feedback

The committee reviewed data collected from the "Middle School Schedule" survey, which was completed by 825 Grade 5 through 8 families and 130 middle school staff. The survey included questions regarding feedback on the current YCSD middle school bell schedule and input on the Decision Analysis criteria developed by the Middle School Schedule Committee. Committee members collaborated in teams to analyze and provide feedback on survey data.

Review Bell Schedules

The committee reviewed and gave feedback on the following five bell schedules

- A/B Block Schedule (current middle school schedule)
- 2AB Block Schedule (current high school schedule)
- Block with Skinny Periods Schedule
- Hybrid Schedule
- Traditional Daily Schedule

After evaluating each of the schedules, the committee decided to advance the A/B Block Schedule, 2AB Block Schedule, and Block with Skinny Periods Schedule to the Decision Analysis process.

TregoED Decision Analysis

The committee utilized the criteria established earlier to assign a score ranging from 1 to 10 for each of the recommended bell schedules. The scores were based on how well each bell schedule measured against each of the criterion. The committee will continue the Decision Analysis process at the November 30 meeting.

Next Steps
