

Fine Arts Magnet - WMES

The Program

The Waller Mill Fine Arts Magnet School provides students in grades 1–5 with enriched instruction in choral music, exploratory instrumental music, drama, visual arts and dance. Young artists work together to prepare performances and create exhibitions that display their appreciation of the arts while advancing critical thinking, problem-solving and enhanced self-esteem. Excellence in the arts is both a natural extension of the academic program and an integral part of the core curriculum.

Eligibility

Current Waller Mill Elementary students will attend the magnet unless opted out by their parents or guardians. The remaining slots may be applied for by other YCSD elementary students and York County residents who are currently enrolled in private schools. Non-county residents may attend on a tuition-basis.

Application Process

Applications are available in each elementary school and at the School Board Office. Dates and times for the submission of completed applications for the next school year may be obtained from Waller Mill Elementary School. Applications are grouped by grade level for random, lottery-style selection. *Non-county residents must apply through the non-resident application process.

Curriculum Connections

The Waller Mill Fine Arts Magnet integrates the fine arts into core academic areas (e.g., history: a study of the music and art of a particular time period as a reflection of the culture and society of that era). The interdisciplinary focus of the arts/academics program provides students with traditional core instructional hours and prepares students for Standards of Learning tests. Reading and technology skills are also enhanced by the arts and continue to develop through interdisciplinary strategies.
