Elementary Academic Enrichment Camps

**ABC Easy As 123**
June 28-July 8
Grades K-1

Students will receive support and remediation with basic letter sound and recognition as well as basic number sense.

**Reader’s Theater**
June 28-July 15
Grades K-5

Students will be exposed to several reading scripts to improve their fluency, expression, comprehension and public speaking while increasing self-confidence, motivation and positivity toward reading.

**Young Authors**
June 28-July 15
Grades K-5

Teachers will guide students through the writing process and challenge students to learn new skills such as incorporating literary elements, dialogue, and expanded vocabulary.

**English Language Learner Enrichment**
July 5 - July 22
Grades K-5

English Learners will receive engaging English instruction with a focus on English Language Domains (speaking, listening, reading, and writing) through hands on activities and interdisciplinary lessons.

**STEM Enrichment**
July 12 - July 28
Grades 3-4

Students will participate in a variety of engaging experiences using robotics and coding to explore scientific concepts as well as use the engineering design process to solve real world problems.

**Grade 6 Math Prep**
July 12 - July 28
Grade 5

(Students enrolling in Pre-Algebra 6 for 2021-22)

Students will build a stronger foundation of skills while preparing for a successful beginning in Pre-Algebra.

All sessions will be offered from 1-3 pm Monday through Thursday on site at Yorktown Elementary School.

**Limited Seating** - Submit your interest form now before spots fill up:
